

Year 4 Topic Home Learning 2nd Half Spring Term 2018

Dear Parents/ Carers,

Welcome back! We hope you all enjoyed the half term break. This half term is comparatively short so for the topic home learning we would like the children to complete **one** topic of their choosing to do with Sound. Below are some suggestions but please feel free to be guided by your child's particular interest:

- Research how sounds are made.
- Create a Sound Quiz to test us on.
- Make an instrument and then write the instructions to explain how you made it.
- What sounds are pleasant and unpleasant? How do they make you feel? Can you represent them in Art or in writing?
- Research the Speed of Sound
- Research the human ear. How do we hear?
- Do all animals hear? Why are animal ears different shapes?

The children can present their work as a poster, piece of Art, ICT (e.g. a PowerPoint), as a booklet etc.

Thank you for your continued support.
