

Year 5 Home learning Life on Earth

Find out what a geocache is.
Explain what you would put in
one. Illustrate your ideas with
pictures of your items.

Look in 5 places in your
garden. Keep a record/diary
of all the living things you
find over 5 days.

Create a nature scrapbook
with things from your garden.
Can you name all the
plants/leaves from trees?

Write your own fact file on
your favourite animal.
Can you include: colons,
semi-colons, commas, bullet
points?

Write a biography about a
famous person of your choice,
a family member or a friend.
Remember to include all the
key features of a biography!

Design a survival kit and write
instructions in the Style of
Bear Grylls.

Create a poster or presentation highlighting your time in Year 5.

What have been your favourite activities, topics, trips, sports, subjects, assemblies, mad moments?

What do you feel you have achieved in Year 5?

You can present your work however you like!
